SOLAR CALIBRE CRAFTSMAN

THE PRECISION ENGINEERED TIMBER DOOR – A TRUE INNOVATION FOR YOUR HOME

The Solar Calibre Craftsman door is a door that speaks of precision engineering, quality construction and stunning good looks. With 30 door styles to choose from and with 24 beautiful lifestyle colours available, Solar Calibre Craftsman is a truly outstanding door.

Your home deserves the very best and Solar Calibre can provide that very thing. From our state-of-the-art premises in Huthwaite, Nottinghamshire, Solar Calibre have been building beautiful door sets since the 1990's. Named after the beautiful woodlands of Britain, the Craftsman is our premium timber door and is exceptional in every way.

SIMPLY A BETTER CLASS OF DOOR

A CLASS LEADER IN STRENGTH, SECURITY AND AUTHENTIC CRAFTSMANSHIP

We are proud to state that the Solar Calibre Craftsman door is second to none and the care and skill put into our doors shines through whilst the innovation and

engineering will bear out over its lifetime. Named after the beautiful woodlands of Britain, the Craftsman door is a tangible investment in your home.

- **Precision engineered to last**
A combination of a Kerto Q core, Sapele mahogany lipping and Tricoya facings provide a stable, hard-wearing, water resistant door
- **Two door slab choices - 44mm and 54mm**
Whatever your requirement or application, we offer both 44mm and 54mm door thicknesses with double rebated doors with triple weather seals
- **Thermal core option**
For the best in energy efficiency opt for a thermal door with a Polyurethane insulating foam core
- **A complete hardware choice**
Four individual ranges to choose from that include: handles, knockers, letterboxes and centre door pulls
- **Beautiful glazing options**
Over 30 elegant glazing styles are available for many of the Craftsman door styles
- **Low-E glass panels**
Wherever possible we supply an energy efficient glass specification as standard - see page 68-70
- **Safe and secure**
The unique construction of a Craftsman door provides an incredibly strong defence for your home
- **24 stunning colours**
From fiery reds to cool blues and all the shades in between, our colour range is first class
- **Frame, sill and threshold options**
A wide range of options to complete your door specification including Part M low threshold
- **Document L Compliance**
Meets UK Building Regulations for replacement door applications

WHY AN ENGINEERED TIMBER DOOR AND NOT A STANDARD TIMBER DOOR?

As beautiful as a traditional timber door can be, wood in its purest form is not the best material for this application. We have “designed out” all of the inherent problems usually experienced, and the Craftsman is an all round better, more reliable door for your home.

- No yearly maintenance
- No warping and twisting
- No draughts caused by shrinkage
- No rotting and deterioration
- No weather penetration
- No unstable timbers
- No flaking and crazing of paint finish
- No sticking and catching

A DOOR ENGINEERED TO PERFORM

THE MOST INNOVATIVE, HIGHLY ENGINEERED DOOR,
DIRECT FROM SOLAR CALIBRE

It has taken more than two decades of research and development for the Craftsman door to evolve into the innovative, structurally sound product that we know today. Using years of experience in joinery and traditional craftsmanship, whilst harnessing the latest in innovative technologies and materials, the Craftsman door has ascended as the industry leader.

Our development team and workforce strive to produce the very best doorsets in the market place. Their craftsmanship and attention to detail are obvious in the complex construction and advanced materials used in each and every Craftsman door, guaranteeing a sound door for many years to come.

Strong and Secure: The sturdy door blade with solid core and timber/aluminium capped frame is an ideal choice for quality, strength and the best in innovative engineering.

Craftsman doors are available as 44mm blade (solid or thermal) and 54mm blade (solid or thermal)

SOLAR CALIBRE ARE PROUD
TO MANUFACTURE WITH...

DRESSED TO IMPRESS

THE PERFECT DOOR FURNITURE TO DRESS YOUR SOLAR CALIBRE CRAFTSMAN DOOR.

We've selected beautiful door hardware that complements the Craftsman door range perfectly. Whether your chosen style is a classic panelled door or a more contemporary door with a grooved design, we have the ideal hardware in range.

All Solar Calibre Craftsman doors come with a standard handle, letterbox and knocker in a choice of four colours, four sturdy stainless steel or brass hinges and a secure multi-point lock as standard. See page 72-79 for details.

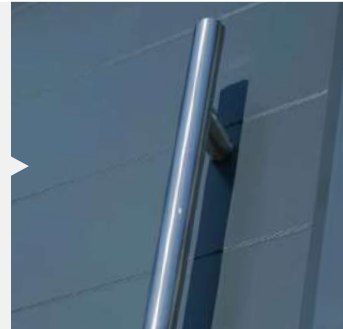

STANDARD SUITED HARDWARE

Handle (lever and pad), letterboxes, knocker and spy hole available in four finishes: Polished Gold, Chrome, Satin and Black

CONTEMPORARY HARDWARE

Sleek, elegant furniture suitable for our contemporary door designs in brushed stainless steel. Choice of three handle styles, a pull and two knockers.

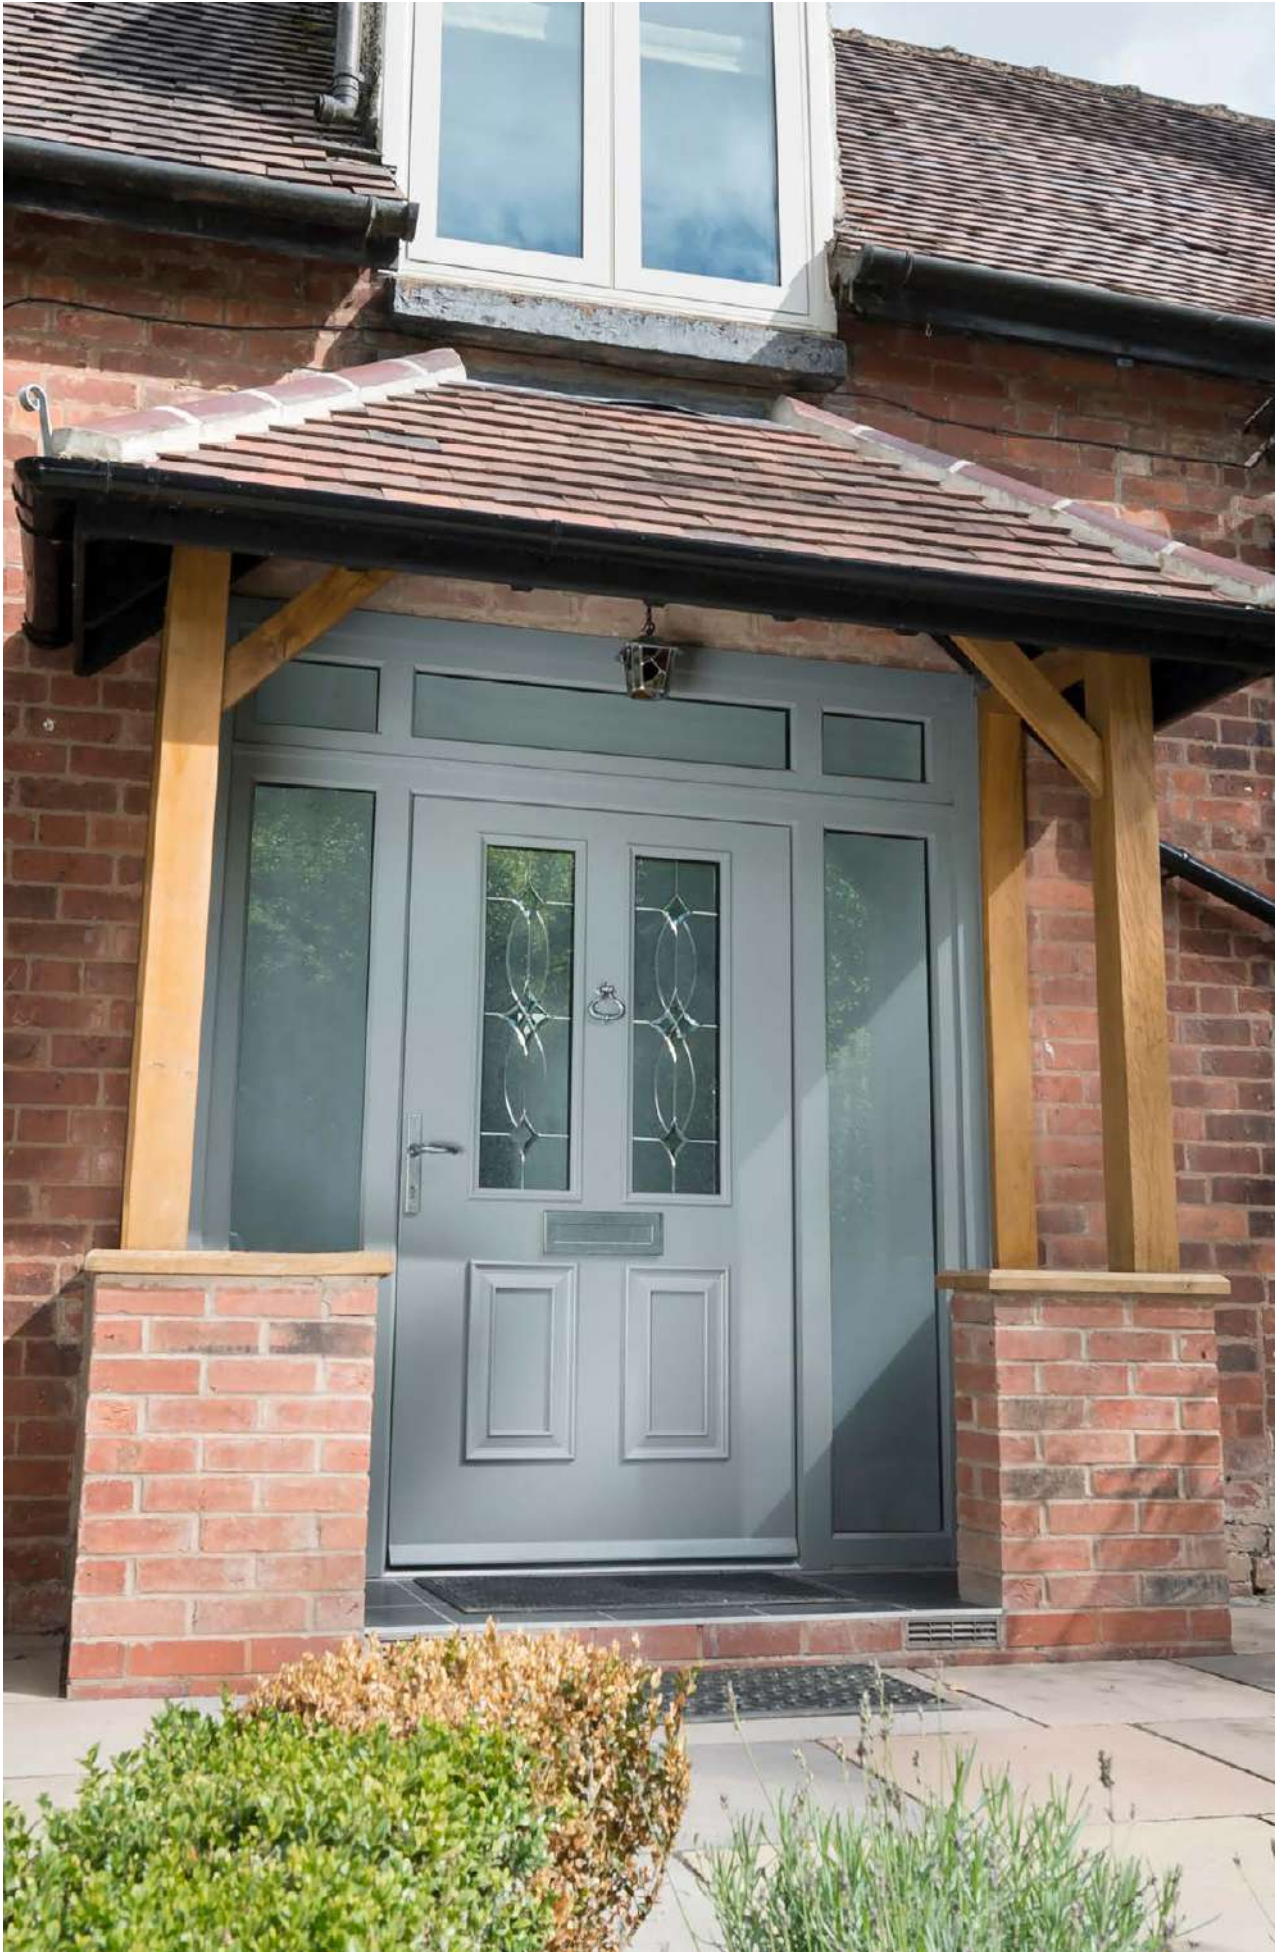

PREMIUM HERITAGE HARDWARE

Beautifully hand forged in either a Black, Pewter, Brass or Chrome finish. Choose from three handle designs, a pull, three knockers and a letterbox.

SWEET HARDWARE

"Edgeless" hardware that looks modern and stylish. Handle, letterbox, knocker and escutcheon available in Gold, Rose Gold, Chrome and Black finishes.

CRAFTSMAN PRODUCT RANGE

LET THE DAYLIGHT FLOOD IN

UP TO 30 GLASS DESIGNS TO PERSONALISE YOUR HOME WITH STYLE.

A glazed panel in your Solar Calibre Craftsman door not only has the practical benefits of allowing light in, it also lets you reflect your own personal taste, style and creativity, effortlessly. Choose from up to 30 amazing glass designs to create that perfect first impression.

We have selected the most elegant and attractive designs which complement our stunning range of door styles. Whether you have chosen a traditional or contemporary style, we have the ideal glazing choices

to bring your door to life. Looking for something quirky? Choose a contemporary design for a traditional door or vice versa.

All our glazing products are manufactured to conform to the same exacting high standards as your Solar Calibre Craftsman door, guaranteeing you peace of mind for years to come. Please note that wherever possible we supply energy efficient glass units as standard - see page 68.

ELEGANT GLAZING: FINESSE IS JUST ONE OF UP TO 30 DIFFERENT DECORATIVE GLASS DESIGNS AVAILABLE WITH YOUR CRAFTSMAN DOOR. WITH ITS LINEAR MOTIFS, ORGANIC BACKING GLASS AND CRYSTAL STYLE CENTRE, IT IS LITTLE WONDER THAT IT IS ONE OF OUR MOST POPULAR DESIGNS.

A COLOURFUL ARRAY OF CHOICE FOR YOUR HOME

WITH PRIMER, BASECOAT AND TOPCOATS –
THAT'S EQUIVALENT TO 10 COATS OF PAINT

Bring your door to life with one of Solar Calibre's lifestyle colours. Inspired by nature and our rich heritage, each shade delivers a unique character to your home. Be inspired by our latest colour palette and let your creativity run free.

Our paint, however is not just all about looks. Every door leaves our workshop with two water based layers of colour, two of undercoat and a primer, each applied using the latest spray technology. All four layers add up to the equivalent of an impressive 10 coats of paint. With such a hard-wearing finish, you will be enjoying it for many years to come.

OUR
CONTEMPORARY
DOORS

CREATE YOUR OWN LOOK WITH OUR VERSATILE RANGE OF MODERN DESIGNS. OUR RANGE OFFERS EVERYTHING FROM COSY, COUNTRY CHARM TO STYLISH CITY CENTRE LIVING AND HAVE BEEN DESIGNED TO PERFECTLY COMPLEMENT YOUR HOME.

A CONTEMPORARY CLASSIC, THE
FOXLEY IN ANTHRACITE PAINT WITH
CONTEMPORARY BRUSHED STEEL
HARDWARE AND SATIN GLAZING.

CONTEMPORARY STYLES

THE MODERN CLEAN LOOK OF THE SOLAR CALIBRE CRAFTSMAN GROOVED DESIGNS IS KEY TO THE CONTEMPORARY RANGE.

Using routed grooves to give the impression of tongue and groove boards, gives a designer look without any of the known downsides. There are no issues with twisting planks due to extremes of weather or moisture and no peeling or crazing of paint when boards swell or contract.

Our growing selection of modern designs have become very popular in recent years. The Foxley, for example, with its characteristic long narrow glazed panel is the

epitome of modernity when teamed with our stylish brushed stainless steel hardware suite.

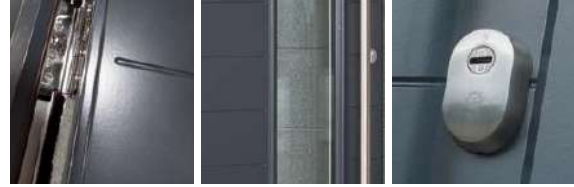

The versatile looks of The Rufford, The Albury and The Whittingham when dressed in Black Premium Heritage Hardware, afford a cosy, country charm or alternatively with Polished Chrome hardware look perfectly at home in the city.

THE FOXLEY

MFF5

The Foxley is a popular addition to the contemporary range of Craftsman doors. With its long single panel, The Foxley is as elegant as it is practical. Teamed with Brushed Stainless Steel hardware, this door is a modern classic.

The long narrow glazing aperture of the Foxley may be positioned on the left, the right or can be centred.

THE WENTWOOD

MFFI

An unglazed slab with full width horizontal grooves defines the Wentwood and gives it a more contemporary feel than panelled door styles. With no glass set to navigate this door style is a good canvas for hardware and door furniture.

30

PVC-U Frame:

Min width : 724mm Max width : 1202mm
Min height : 1865mm Max height : 2195mm

ULTION

USING UNIQUELY PATENTED SNAP SECURE TECHNOLOGY, ULTION IS ANTI-SNAP, PICK, DRILL AND BUMP RESISTANT, AND IS EASY TO FIT WITH NO ADDITIONAL PREP AND NO NEED FOR CYLINDER GUARDS OR SECURITY HANDLES.

Ultion is 3 star rated straight out of the box, with a lock down mode that activates an attack lock directly into the central cam, keeping an intruder out whilst still being unlockable from the inside - keeping homes and families safe.

Ultion locks are continuously tested; having passed the Sold Secure Diamond Test, it has not yet been beaten. And with the attack lock being housed in Molybdenum, one of the best superalloys in use today, it's little wonder that Ultion has been described as having transformed the door market.

bsi.

THE £1,000 ULTION SNAP GUARANTEE

Ultion are offering a FREE 10 year guarantee to homeowners - just register at www.ultion-lock.co.uk within 28 days of installation, and if your home gets burgled as a result of your Ultion lock getting snapped in the following 10 years, you will receive £1,000.

HARDWARE UPGRADES

UNIQUE FEATURES

Over 294,000 combinations produced by 11 pins

FRAME, SILL & THRESHOLD

Often it is the finishing touches to a project that make all the difference. To achieve the perfect look for your home with crucial functionality, Solar Calibre offers a choice of frame, threshold and sill options to suit your requirements.

FRAMES

STANDARD PVC-U CHAMFERED OUTERFRAME

1. PTR Reinforcement
2. Multiple chambers
3. Triple seals (Gasket & woolpile seals)
4. Lead-free PVC-U

MULTI-CHAMBER PROFILE

With 8 chambers, our multi-chambered frames give an impressive thermal performance as standard

ENVIRONMENTALLY FRIENDLY FRAMES

Lead-free profile and plastic thermal reinforcements (PTRs) are both thermally efficient and incredibly strong with the added bonus of being light and quick to install

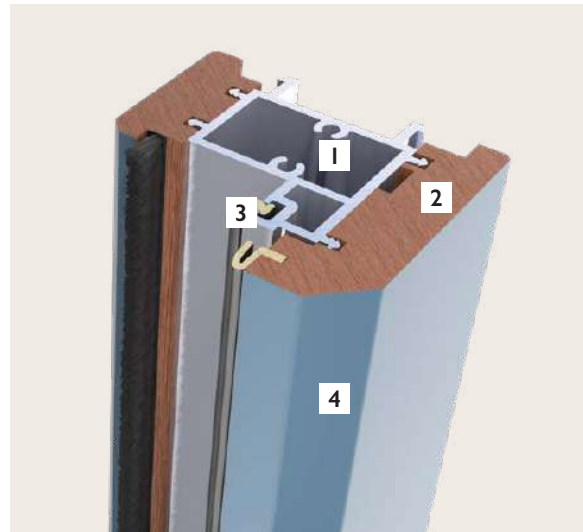

TRIPLE SEALED

Our innovative system uses three gaskets to reduce heat loss and improve weather-tightness

SECURE CONSTRUCTION

With 72% better screw retention than through steel, PTRs offer more secure fixing of hardware keeping your frame rigid, stable and secure

TIMBER CLAD ALUMINIUM OUTERFRAME

1. Rigid aluminium core
2. Sapele mahogany hardwood caps
3. Triple seals (Gasket & woolpile seals)
4. Painted to match your door colour as standard

FACTORY FINISHED PAINT TO MATCH CHOSEN DOOR COLOUR

We colour your frame as standard to seamlessly mirror your chosen door colour

TRIPLE SEALED

Our aluminium/timber system uses three gaskets to reduce heat loss and improve weather-tightness

SECURE AS STANDARD

The very construction of the timber clad aluminium frame means that the frame itself is incredibly strong and almost impossible to penetrate

SECURITY PLUS (SP) ALUMINIUM FRAME

The rigid, high security frame and its engineered construction stops warping and twisting

SILLS

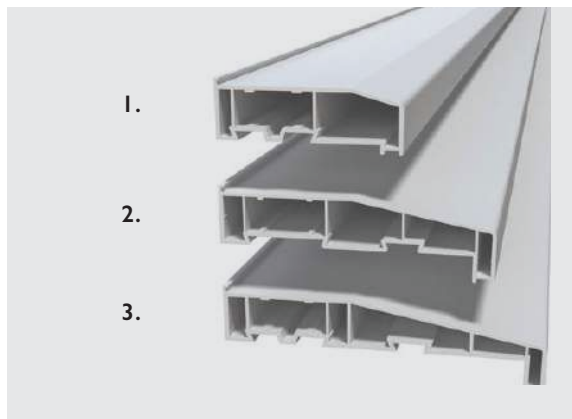

TIMBER SILL

1. 94mm stub sill
2. 144mm sill
3. 174mm sill

Timber sills are available as shown or painted Black or White as standard. You may also colour match to your door and frame.

PVC-U SILL

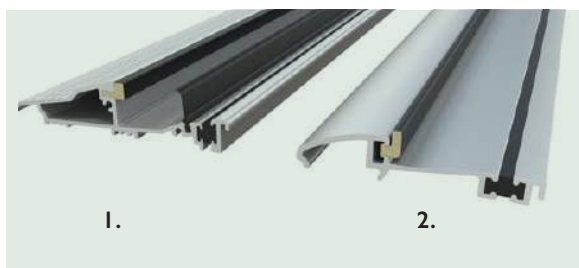

1. 100mm stub sill
2. 150mm sill
3. 180mm sill

PVC-U sills will match your PVC-U door frame as standard.

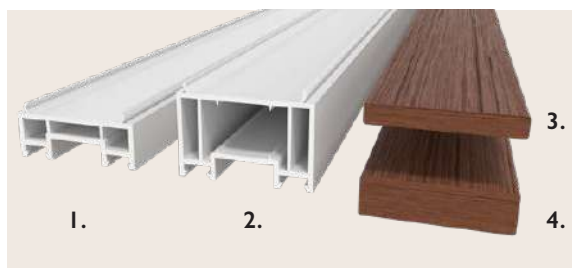

THRESHOLDS

Part M compliance aluminium door thresholds prevent rain and draughts under the door as standard

1. Stormguard AM3 aluminium threshold is Part M compliant and offers exceptional weather performance.
2. Low aluminium threshold is also Part M compliant and provides slimline appearance.

FRAME EXTENSIONS

1. PVC-U 25mm
2. PVC-U 44mm
3. Timber 10mm
4. Timber 20mm

To ensure the very best fit for your Solar Calibre Craftsman door we supply a range of frame extensions in both PVC-U and hardwood options in various sizes.

CRAFTSMAN GUARANTEE

10
YEAR

1. ENGINEERED TIMBER DOOR

The unique build of the Craftsman door provides a stable, strong weatherproof construction. Guaranteed for 10 years, the Craftsman door is an investment in your home for years to come.

2. CAPPED ALUMINIUM FRAME

An incredibly strong, rigid frame, the Craftsman capped aluminium frame has a structural guarantee of 10 years, making it one of the most secure and hardworking frames on the market.

3. PVC-U DOOR FRAME

Our reinforced PVC-U frame requires little maintenance and provides a rigid frame for your Craftsman door. Whether you choose white or a woodgrain foil our frames are guaranteed for 10 years.

4. GLAZING

Our double glazed units are known for their beauty, quality and longevity. A 10 year guarantee on all our glazing units means excellent thermal performance and good looks for the future.

5. HARDWARE

Not only a matter of personal taste, our hardware range gives you choices in guarantees ranging from 5 years through to 25 years too. (See pages 59-63 for more details)

6. THRESHOLD

Whether easy access or weather protection are your deciding factors, our aluminium thresholds are guaranteed for a reassuring 5 years.

OUR GUARANTEES

- 5 Year Mechanical Guarantee
- 10 Year PVC-U Surface Guarantee
- 10 Year Foils Guarantee
- 25 Year Polished Surface Guarantee
- 5 Year Surface Finish Anodised Guarantee
- 10 Year Surface Finish Plated Guarantee
- 10 Year Structural Guarantee
- 15 Year Surface Finish Powder Coated Guarantee
- 10 Year Guarantee Against Glass Unit Failure

ACCREDITATIONS

SOLAR CALIBRE CONTINUALLY STRIVES FOR
- AND ACHIEVES - EXCELLENCE

The Kitemark is a UK product and service quality certification mark which is owned and operated by The British Standards Institution (BSI Group) and is achieved through rigorous testing only at a centre of excellence.

CE Marking is a mandatory conformity marking for products sold within the European Economic Area (EEA) since 1985 and is indicative of Solar Calibre's complete compliance with EU legislation.

The national body for the accreditation of testing and calibration laboratories, certification and inspection bodies, UKAS is the sole national accreditation body, of which we are a proud member.

CHAS is a health and safety accreditation scheme for the construction industry, as CHAS accredited, we are committed to annual assessments to show we are maintaining the high levels of health and safety management required.

Sold Secure Diamond is a test developed in conjunction with the Master Locksmiths Association. It is designed by locksmiths, and very few locks pass the test. Ours do.

Secured by Design focuses on crime prevention of homes and commercial premises and promotes the use of security standards for a wide range of applications and products.

ISO 14001 is an internationally agreed standard that sets out the requirements for environmental management, to improve through more efficient use of resources and reduction of waste.

PEFC Chain of Custody is the process of handling information on the origin of forest-based products and allows us to make accurate claims on the content of sustainably certified material.

CUSTOMER SUPPORT
